NEGRO ACQUITTED OF CRIMINAL ASSAULT

Arrest of Anoter Negro During Trial Saves Accused.

CONVICTION SEEMED CERTAIN

Not Until Confronted in Court by Mrs. Camp Did Doubt of Identification Arise—Arrest of Another Negro Proved Glenn's Innocence.

Atlanta, Nov. 19.—In just four and a half minutes after the jury had retired Joe Glenn, a negro, was found not guilty of the charge of criminally assaulting Mrs. J. N. Camp.

Thus was brought to a close one of the most remarkable cases of its kind ever tried in Fulton—a case which will long stand as a precedent for other communities to follow; a precedent which will doubtless do much to save the unlawful and unprovoked shedding of human blood.

On Nov. 13 Mrs. Camp, an eminently respectable white woman, was assaulted by a negro who afterwards tied a leather thong around her throat, almost choking her to death. She did not know the name of her assailant. In a few hours Joe Glenn, a negro farmer living some 3 miles distant, was arrested.

Mrs. Camp identified him as the man, although her first description did not coincide with the general appearance of the negro. On Nov. 15 Glenn was indicted by the grand jury. Luther Rosser, John McClelland and Charles Hopkins were appointed counsel to defend him. Just one day later, after the fairest of trials, he was acquitted and the tolls began to fasten themselves around another negro, Will Johnson, who was captured in remote section of the city while Glenn's trial was in progress.

In fact, up to the time of the capture of this latter negro it looked very much as if Glenn would be convicted on a case of mistaken identity.

In fact, up to the time of the capture of this latter negro it looked very much as if Glenn would be convicted on a case of mistaken identity.

The case was filled with every element of the dramatic. On the one side was an ignorant negro, charged with the most heinous crime which a man can committ—a crime which invariably arouses the bitterest passion and resentment of the white race. The victim of the assault had been confronted with him a few hours after the crime and declared him to be the man. Again, while on the stand telling her pitiful story, she had again seen him suddenly brought into the room. With every nerve of her sensitive woman's nature suffering the exquisite torture which only a woman in her position could feel, she cried out:

"You are the one—you! You low down rascal. Oh, I'd like to kill you! Yes, put on that old hat. You—you—you."

And then, words failing, she became convulsive with a paroxysm of violent weeping.

During the dramatic recital the negro had remained mute and stolid. He knew his peril. Ignorant, uncouth without power of finer feeling who knows the agony of terror that must have possessed his soul!

Minds that had been as blank sheets of paper the moment before in regard to the innocence or guilt of the prisoner were suddenly electrified and surcharged with the significance of the woman's statement.

"Guilty," was the thought uppermost in the minds of all.

Thus the negro stood, practically convicted before he had been tried, convicted and powerless save for the strong arm of the law and the courage of his lawyers.

Attorney Rosser requested that the jury be retired, and in an impassioned appeal asked that a mistrial be ordered. He stated that if Mrs. Camp's denunciation be allowed his usefulness in the case was at an end. The case would be but a travesty.

Mrs. Camp was the first witness. She described the assault which had taken place, and told of the manner in which the negro had attempted to strangle her with a leather thong. She was positive she could identify the negro and described him as being black, white eyes, medium height and as wearing a black slouch hat which was turned up in front. On the point of the negro's stature she was asked many questions, but her testimony as a whole was entirely consistent.

At this point Glenn was brought into the room, but Mrs. Camp did not see him. For some moments he sat near John McClelland before her attention was directed to him. He was still sitting when the question was asked:

"Is this the negro?"

"No, that's not the negro," was the reply.

Scarcely had the afternoon session begun than the surprise of the day was sprung. The jury was retired and Judge Roan was informed that a negro had been captured in West End who tallied exactly with the description of Mrs. Camp's assailant. Pending his arrival several other witnesses were examined.

Finally Will Johnson, a black negro of slender build, was ushered into the room. He sat cowering in front of the judge's stand.

Officer Buntyn was placed on the stand and stated that he had that day a few hours before arrested Johnson in West End. The negro had a double-barreled shotgun, and was acting suspiciously and when placed under arrest he was found to have on two suits of clothes, a pair of stockings, a pair of socks, while around his body was tied a mass of female clothing. He wore a slouch hat almost identical with that worn by the negro Glenn. The hat was turned up in front. In the negro's pocket was a lot of shelled corn. He told conflicting stories of his home.

E. A. Pinion, who in the morning had testified in regard to the footprints found near Mrs. Camp's house, was recalled, this time as a witness for the defense. Mr. Pinion measured the negro's shoes and stated unhesitatingly that they were of the size corresponding to the footprints he had seen. They were pointed and worn on the sole.

A cartridge from Johnson's gun was produced. It was the same kind found in Mrs. Camp's room, whereas the cartridge found in Glenn's home and in his shotgun was of a different make.

The effect on the autdience of this unforeseen evidence—this sudden capturing of a negro who had been walking the streets while an innocent negro was in the shadow of doom—was magical. What seemed certain guilt on the part of Glenn in the face of Mrs. Camp's identification was turned to doubt and then to certainty of his innocence.

Mr. Rosser's speech was one of the most able ever heard in this county for years.

Solicitor Hill's presentation was excellent, but with the capture of Johnson, his case fell to the ground.

The jury was out just four and a half minutes.

Johnson will be shown to Mrs. Camp later. If her identification is perfect he will probably be indicted.

Will Try For Re-instatement.

New York, Nov. 19.—Announcement was made Saturday that Colonel Alexander S. Bacon and J. Douglas Wetmore, attorneys for the Afro-American council, have been engaged by the soldiers of companies B, C, and D, of the Twenty-fifth infantry, who have been ordered dishonorably dismissed from the United States army to take steps for their re-instatement and to ascertain what rights they have, if any, to protect them against the effect of President Roosevelt's recent order debarring them from future employment in the government service. The statement is made that a number of persons, both white and black, have expressed their willingness to assist in bearing the expenses of the suit.

Birmingham Car Ran Wild.

Montgomery, Ala., Nov. 19.—A street car, the cbontrol of which had been lost by the motorman, dashed 2 blocks down Postoffice Hill, Saturday, crashed into another car on a switch, leaving the track for a run of 100 feet on the street, and winding up a in a wreck. Allen Carleton, a postal carrier, and Charles Johnston, were seriously hurt. Several others were injured.

STAYED THE NOOSE BY WILD FIGHT

Could Not Take Negro Murderer From Cell to Gallows.

HURLED BOTTLES AT JAILER

He Was Finally Overpowered by Mr. John Barton, Who Acted With Remarkable Bravery—Water Was Resorted to, But In Vain.

Milledgeville, Ga., Nov. 19—Fighting with the desperation of a man who has nothing to lose, Mims Devereaux, a negro sentenced to hang Friday between th hours of 10 a. m. and 2 p. m., kept at bay the sheriff of this county and all available help for nearly two hours, the execution not being accomplished until one hour after the time named in the sentence, and not until nearly every means had been exhausted including the pouring on him for three-quarters of an hour of water from the fire hose of this city.

Mims Devereaux has been what Sheriff Prosser termed a good prisoner, giving no trouble during his confinement in the county jail. His counsel, who were appointed by the court to defend him, exhausted every possible means to save him from the gallows.

At about 1 o'clock Friday a telegram from the governor stated he would not interfere or stay the sentence. Sheriff Prosser at about 1:15 o'clock went into the enclosed hall that is between the cage cells that comprise the man's deparment of the county jail, opened the door to Devereaux's cell, the middle one of the left, and picknig up the clothes that Devereaux was to be executed in, said: "Here, Mims, put on these clothes."

The sheriff had just offered them to him when Devereaux threw a full bucket of water into his face, following it with the bucket, which missed the sheriff, who stepped to one side.

This was followed by another bucket, and a glass bottle, and another bottle, which forced the sheriff out of the corridor between the cells, as the sheriff did not wish to shoot him.

Devereaux then threw himself on the floor, making a gurgling noise and no doubt wishing to give the impression that he was crazy. He also soon afterwards cut his throat with a piece of the glass bottle but did not cut the large veins. He also ground glass between his teeth, but it is not believed he swallowed it.

The retreat of the sheriff left Mims in possession of his cell and the corridor between the cells. How to get hold of him was the question, as it soon developed that he had a large supply of glass bottles which he threw with so much force that they broke against the steel cage with a report like a pistol shot that could be heard for half a block. Mims soon showed that it was his purpose to put up a desperate fight. The glass from the bottles would fly in the faces of any who approached the side of the cage. He also took possession of two large locks to his cell door, heavy enough to crush down a man, and in his hands a deadly weapon. He weighed 180 pounds and was strong and muscular. The city water works was then tried and the fire hose attached to a plug, but he would escape the water by going from the cell to the corridor. After three-quarters of an hour, with the jail 4 inches deep in water, it was given up as ineffectual.

Fortunately the trial of the water works brought to the jail Mr. John A. Burton, the local superintendent. He divided the hose, and Devereaux smashed at him four of his bottles while the water was on, but the failure of water only made Mr. Burton more anxious to secure the man. He opened the corridor and made a feint as if to enter, causing Devereaux to let fly at him one of his bottles and one heavy lock. Both failed to touch Mr. Burton, who is a trained athlete and as brave as men get to be. Burton kept his eye on the negro, watching a chance to spring the 16 or 18 feet to the cell door by which Devereaux was standing. Men had been sent to the blacksmith shop to have large iron hooks made, hoping they could be put through the cage to hold the prisoner until others could run in and lay hands on him.

These had not come, but while Mr. Burton and Devereaux were watching each other like cats, some one on top of the cage let down a piece of rope that for a second attracted his attention. He reached up an arm to snatch it. In an instant Mr. Burton sprung half the distance betwen them. Devereaux recovered and let drive his heavy lock, which would have struck Burton between the eyes had he not ducked down, never stopping his headlong plunge, and before Devereaux could use another bottle he had him by the throat. Burton was followed by Jim Ehnis and Brad Echols. Devereaux was overpowered, securely tied and brought upon the trap.

He asked to pray, and was given opportunity. At three minutes to 3 o'clock the trap was sprung, his neck breaking, dying without a struggle, thus ending one of the most remarkable executions ever known in this section of the state.

Marrin Placed Under Arrest.

Buffalo, N. Y., Nov. 19.—Francis E. Marrin, one of the principal figures in the Storey Cotton Company failure in Philadelphia, in 1905, was arrested here in the lobby of the Gennessee hotel. Marrin disappeared from Philadelphia March 17, 1905, when the postoffice department raided the Storey Cotton Company, and since then he has been in Europe. He came back to America a few weeks ago, and the vigil the postoffice authorities have kept for nearly two years ended in his arrest.

Jury's Verdict Was for $25,000.

Bainbridge, Ga., Nov. 19.—After a trial lasting three days, in which every step was closely contested, the jury has returned a verdict for $25,000 damages in favor of Mrs. Mollie Jones, of Fort Valley, against the Atlantic Coast Line railway for the death of her husband, who was killed in a wreck on that road in this city in July, 1905. Mr. Jones was an engineer on a freight engine, which was run into by a switch engine in the yards here.

18-Year-Old Boy Shot.

Birmingham, Ala., Nov. 19.—Sam Taylor, an 18-year-old boy, lies dead at the home of his parents, and Bessemer Nail is in the Bessemer jail, as a result of what is alleged to have been an accidental shooting at the residence of Will Horton. Nail and Taylor were with a party of youths, when Nail pointed the pistol suddenly at Taylor and pulled the trigger twice. The boy says he did not know the pistol was loaded.

Knocks Pistol from Mantel.

Thomson, Ga., Nov 19.—Miss Nellie Pearl Clary, daughter of Horace Clary, overseer of Hon. Thomas E. Watson, was accidentally shot at her residence Friday morning. In cleaning off the mantel she accidentally knocked the pistol off on the hearth and it went off, striking her just above the knee. She is painfully, though not seriously wounded.

Across Three Counties.

Covington, Ga., Nov. 19.—Deputy Sheriff Maddox captured Frank Thomas, a negro wanted in Jones county for murder, after a chase lasting for several hours, about thirteen miles from Covington. He started from the suburbs of Covington and followed the negro through Newton, Jasper and Butts counties before he was captured.

Preacher's Union Joins Federation.

Toledo, Ohio., Nov. 19.—The Toledo Pastors' Union was represented at the meeting of the Central Labor Union, and now the preachers' organization is a full fledged labor body. The new organization was represented by various clergymen from the Christian churches.

Decision Was Reversed.

Indianapolis, Ind., Nov. 19.—The supreme court has reversed the decision of the lower court by which David E. Sherrick, former auditor of state, was sent to the penitentiary for an indeterminate sentence of from two to fourteen years, charged with embezzlement of the state funds.

HORRORS OF DEATH FACED BY PEARY

Food Became Exhausted and Party Ate Dogs.

WILL BEGIN TRIP AGAIN TO POL

Suffering All the Hardships of the Arctic Night, Explorer, Undismayed, Reached the Highest Point Ever Trod by Human Beings.

New York, Nov. 19.—In a special from Sydney, N. S., the World gives some details of the hardships endured by Captain Peary and his men in their futile dask for the north pole. After reaching the most extreme settlement, it is said 70 Eskimos and 100 dogs were secured and then taking the ice, the steamer Roosevelt drifted on and steamed through the barrier of 82.27 degrees north, where winter quarters were taken up, being the farthest north winter quarters in the history of Arctic exploration. Arrangements to secure the ship and make all comfortable were completed by Feb. 7, 1906, and on that day Peary, with his Eskimos and three teams of dogs, made his start for the pole. Other parties also went out in charge of Captain Bartlett, Dr. Maroin, J. Clarke and M. Ryan, respectively. These were relief parties and they kept 50 miles apart.

During the first part of the journey moderate weather prevailed and Peary made good speed. Before his return to his ship 117 days later, however, conditions changed and the party was suffering from hunger and privation. Undeterred, Peary then pushed forward into the arctic night until he reached the highest point ever reached by an explorer—87.06 north latitude—within 153 miles of the pole.

Before he started on the return voyage, the food supply had almost given out. During his return Peary encountered a fierce snowstorm which lasted a week and which drove the party out of its course. Peary immediately set out to re cover his lost course, but before he succeeded hunger threatened to drive the Eskimos mad, and Peary was compelled to kill some of his dogs. The commander enjoyed the luxury of dog meat equally as well as his Eskimos. When Peary returned to the ship only three days out of seventeen remained, fourteen having been eaten.

Musk ox and deer killed on the road by Eskimos helped the famished men. Clark, with one of the relief parties, also went astray and he was compelled to kill some of his dogs to provide food. Clarke, it appears, was unable to find his way back, but Peary luckily came across his tracks and went to Clarke's rescue. Clarke, it is stated, has not yet recovered from his trying experience.

The other relief parties also suffered, but all went through the ordeal with heroic fortitude.

Ryan's party ran short of food and had to eat som eof the dogs.

While the attempt to reach the pole was attended with great danger, the homeward passage was accomplished amid even greater peril. After getting out of the ice, the ship struggled on in most boisterous weather. Storm followed storm, with ever increasing force. For 68 days the ship was practically at the mercy of the waves and ice, and in that time covered only 200 miles. Contact with the ice broke away two blades of her propeller and the stern post, and also the rudder post and otherwise damaged her stern. A gale carried the foretop mast overboard with the jib boom and headgear and damaged the bow. After vainly trying to reach Victoria Head where food was stored, the Roosevelt on Sept. 16, continued the voyage south. After battling with the elements for ten days, Cape York was reached, and then coal having run short, an attempt was made to continue under sail. This failed.

Hebron was reached on Oct. 11, where some wood fuel was secured, but this soon gave out. At Hopedale a few tons of coal were secured

KIDNEY TROUBLES

Increasing Among Women, But Sufferers Need Not Despair

THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Mrs. Emma Sawyer

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. We believe Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for chronic kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and a serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am to-day a well woman. I cannot praise it too highly, and I tell every suffering woman about my case." —Mrs. Emma Sawyer, Conyers, Ga.

Melrose Mention.

Melrose, Nov. 19.—The best show ever seen in town arrived here on Thursday afternoon quite unexpectedly. The Armstrong Company, carrying about eight people, gave three performances which were clean and good from beginning to end, and were rewarded by overflowing houses. The two Misses Armstrong deserve special mention for their trapeze acts. The troupe left by the boat on Sunday morning amidst the strains of "Auld Lang Syne." Melrose will be pleased to see them return.

Quite a number of winter residents came during the past week. They were Mr. and Mrs. E. J. Whitehead, New York City, and Miss Candy, Fredonia, N. Y.; also Miss Mossman and Miss Harper of Ocean Grove, N. J.

F. Deneen, Toronto, Canada, is the first guest of the season at the Huffman House.

The telephone line from Grandin is now in working order, the pay station being posted in L. Baldwin & Son's store.

Mrs. Chas. J. Whaley and Dr. C. Barnett are the guests of their mother, Mrs. M. J. Barnett.

I. E. Ford and family wish to express to all friends their most heartfelt thanks for their ready assistance and sympathy during the illness and death of Mrs. S. A. Ford.

Mrs. M. E. Mullin left this morning for a visit to her daughter, Mrs. W. Roberts, at Tampa.

A union service will be held on Thanksgiving day at 11 o'clock at the M. E. Church.

MERCHANT BURKE.

Interesting Account of Wedding by Times-Union's Society Editor.

The following interesting account of the Merchant-Burke nuptials in Jacksonville Wednesday afternoon appeared in the society column of the Sunday Times-Union:

"Wednesday afternoon, at the residence of the bride's parents, Mr. and Mrs. J. V. Burke, their daughter, Miss Lillian Burke, was united in marriage to Mr. James Richardson Merchant of Gainesville.

"The pretty home was simply but tastefully decorated with palms, ferns and white chrysanthemums in the parlor, and with pink and white chrysanthemums in the dining-room.

"The ceremony was performed by Rev. Dr. Hay, pastor of the First Presbyterian Church of Gainesville. There were no attendants, but the wedding march was played by Miss Irene McCreary, the groom's cousin from Gainesville.

"The youthful bride wore a very becoming wedding gown of white silk net and lace over chiffon and taffeta, and carried a shower boquet of white chrysanthemums. Always a pretty young woman, she looked unusually attractive on this important occasion.

"After the ceremony, an informal reception was held, and a wedding supper served.

"Then the young couple left on the night train for Atlanta. They expect to be at home to their friends at Gainesville by Thanksgiving day.

"Mrs. Merchant's going-away gown was a beautiful creation in gray broadcloth with hat and gloves to match.

"A large number of presents were received by the popular young people, and their new home will be filled with the valuable remembrances of their friends.

"Mr. Merchant is business manager of The Gainesville Sun, and is very much liked in Gainesville, where social life is especially enjoyable.

"A number of out-of-town guests were here for the wedding, among them Mrs. G. S. Merchant and Master Harry Merchant, mother and brother of the groom; Mrs. H. H. McCreary and Miss Irene McCreary of Gainesville, Miss Margaret Jackson of Arkansas, Mrs. J. H. Burke, Mrs. Elleene Alexander and Mrs. J. L. Peacock of Williston, and Miss Jennie Moore of Apalachicola."

Had a Close Call.

"A dangerous surgical operation involving the removal of a malignant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Steckel of Miletus, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at all druggists'.

This case was one in which the defendant was accused of blowing up a house with dynamite at Newberry a few months ago.

State vs. Howard Price, assault with intent to murder. Defendant arraigned and pleaded not guilty. Trial by jury, with verdict of aggravated assault.

Walter Levy, arraigned upon two charges of breaking and entering with intent to commit a misdemeanor, plead guilty in both charges.

ROBBERY AT WINDSOR.

Parties Entered Home of J. W. Brown and Carried Away Good Values.

Information reached this city Monday to the effect that some parties had entered the home of J. W. Brown, Windsor, and taken away several pieces of furniture and other articles of value, which will probably aggregate $75.

Mr. Brown, who is a plumber now engaged in this city, was notified of the theft by Deputy Sheriff L. E. Autry. Mr. Brown has been residing in Alachua county for several years, off and on. He is a plumber and steam-fitter by trade, and when he ascertained that the time was ripe for an opening in this direction here, located in Gainesville.

While there has been no definite clue, the officers are at work, and hope to apprehend the guilty parties in a few days.

Chapped Hands.

Wash your hands with warm water, dry with a towel and apply Chamberlain's Salve just before going to bed, and a speedy cure is certain. This salve is also unequaled for skin diseases. For sale by all druggists.

Some Fine Pointer Pups.

Captain W. G. Shehee of High Springs, one of the most widely known citizens of that section, was in the city Monday.

Captain Shehee is quite a sportsman, and naturally a great fancier of dogs. He has just been presented by his fine pointer gyp with a litter of beautiful pups, one of which he brought to Dr. Alderman of this city. This litter is of the finest registered stock, and inasmuch as the genial Captain, by reason of the fact that he has been suffering for some time with rheumatism which incapacitates him from hunting or training, he has decided to sell the pups. "These pups are of such fine blood that I do not like to see them lay around and do nothing, when I know their inspirations tell them they ought to be in the field," he declared.

Anyone wanting a good, reliable, thoroughbred pointer will find themselves in big luck if they will address Captain W. G. Shehee, High Springs.

CIVIL SERVICE EXAMINATION

Applicants' Examination for R. F. D. Carriers Out of Hawthorn.

The progressive town of Hawthorn, determined not to be out of date with the rest of the good towns of Alachua and other counties, made an effort to secure a rural free delivery system, with the result that the effort was successful.

On Saturday Benj. T. Arnow held a civil service examination in this city for a carrier for this route. There were two applicants, Glenn D. Moore and Chas. W. Carehucke. The papers have been forwarded, and as soon as a report is made from the postoffice department at Washington the route will be established.

The good people of Hawthorn are to be congratulated upon securing this R. F. D.

University News Notes.

Dr. David Y. Thomas, Professor of History and Political Science, is gathering material for a chapter on the History of Banking in Florida for Dewey's Financial History of the United States, to be published by the Carnegie Institution, Washington. He has already collected a good deal of interesting matter, and will be pleased to hear from anyone who can aid in the work, either from memory or private papers.

Director Rolfs and Dr. Berger, of the Experimental Station staff, attended the meeting of Experiment Station workers at Baton Rouge, Louisiana, last week.

Professor Clothier, of the Department of Agriculture, is planning to attend the State Fair at Tampa. He will be accompanied by his class in agriculture, in order that they may have object lessons in observing fruit and judging cattle.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

FLORIDA STATE FAIR ALL TO THE GOOD

This Is the Verdict of Commissioner C. C. Pedrick.

ALACHUA COUNTY ALL RIGHT

The Exhibits Are Plentiful and Varied, the Live Stock the Best in the South, and Altogether It Looks as if Prizes Will be Coming This Way.

County Commissioner C. C. Pedrick, who has an exhibit of his buggies at the State Fair, has returned from Tampa, where he has been personally superintending the setting up of his exhibit.

Commissioner Pedrick states that the great Fair is one of the finest the South has ever seen. The county and individual exhibits are away above the average seen at a State Fair, which go to show that there is a keen but friendly competition, and that each Fair commissioner has done his best to represent his county to every advantage.

"We all have faith in old Alachua," continued Mr. Pedrick, "because we have faith in our commissioner, N. A. Callison. As was expected, Mr. Callison is working hard and talking Alachua county at every breath, and, with the grand combination of agriculture, horticulture, live stock, manufacturing, etc., now on display, there is little doubt but that Alachua county will come out with fine honor."

Mr. Pedrick expects to return to Tampa in a couple or three days. He was called here on business connected with his factory.

HYOMEI CURES CATARRH.

Costs Nothing Unless It Gives Relief. Sold Under Guarantee.

No matter how severe or chronic a case of catarrh you may have, consult J. W. McCollum & Co. about the use of Hyomei. They have so much faith in the efficacy of this treatment that they give their personal guarantee with every outfit they sell that it will effect a cure, or the money will be refunded.

In many instances Hyomei has cured catarrh when the patient has suffered from childhood. Quite a few people in Gainesville who have been unable for years to get a good night's sleep on account of the disagreeable tickling and dropping at the back of the throat, have obtained quick relief from a few treatments with Hyomei, and the continued use has made a complete and lasting cure.

There is no stomach dosing when one uses Hyomei. Simply breathe its medicated healing through the pocket inhaler that comes with every outfit, and all catarrhal germs will be killed and the mucous membrane will be healed.

A complete Hyomei outfit costs but $1, sufficient for at least two-weeks' treatment, making it one of the most economical methods of curing catarrh. If the outfit does not complete a cure, extra bottles of Hyomei, if needed, can be bought for 50 cents. Remember that there is no risk in buying Hyomei. It costs nothing unless it cures.

MERCURY A DECEPTIVE TREATMENT

Mercury and potash are very deceptive treatments and the blood poison sufferer who depends on them for a cure is sure to be disappointed. These minerals will remove the external symptoms and shut the disease up in the system for a while, but the trouble will surely return and the loathsome symptoms of sore mouth and throat, copper-colored spots, falling hair, sores and ulcers etc., will be accompanied by the disastrous effects of the treatment. The continued use of these strong minerals will completely ruin the health and weaken the system to such an extent that the original disease often becomes incurable and sometimes fatal. Mercury and potash eat out the delicate lining of the stomach and bowels, destroy the gastric juices, producing chronic dyspepsia, cause mercurial Rheumatism, salivation, and where they are taken in large quantities cause necrosis or decay of the bones. S. S. S. is the only remedy that can cure Contagious Blood Poison surely and safely. This remedy of nature, made entirely of roots, herbs and barks, antidotes and destroys the powerful virus of the disease and by purifying the blood of every particle of the poison and enriching and strengthening this vital fluid it removes every symptom and leaves the body in a strong, healthy condition. When the blood has been purified with S. S. S. the cure is complete, and not one vestige of the poison is left for future outbreaks. Do not waste valuable time, and damage your health with the mineral treatment, but cure your case with S. S. S., an absolutely safe remedy. We offer a reward of $1,000 for proof that S. S. S. contains a particle of mineral. Book with instructions for self treatment and medical advice without charge.

JURY THANKS HIS SLAYERS.

Very Remarkable Verdict Over Asheville Negro Desperado.

Asheville, N. C., Nov. 19—At the inquest held over the body of Will Harris, alias Rufe Lindsay, the desperado who was shot to death by a posse of officers and citizens, the coroner's jury returned the following remarkable verdict:

"The said Will Harris, alias Rufe Lindsay, came to his death at the hands of public-spirited citizens who at the time were in the fearless and unselfish discharge of a public duty, that the law might be vindicated and justice administered; that said Will Harris, alias Rufe Lindsay, at the time of his death was resisting arrest and attempting to shoot and kill the citizens, above referred to, consisting the posse who were attempting under due authority of law to affect the capture of the said Will Harris, alias Rufe Lindsay.

"That the citizens above referred to, constituting the posse aforesaid, as well as others who participated in the search and spontaneous efforts to bring to justice this incarnate fiend and savage desperado, are entitled to the commendation and thanks of the whole community."

Buried In Mass Under River.

New York, Nov. 19.—Following the explosion of a blast in the Manhattan end of the Pennsylvania railroad East river tunnel, tons of rock and sand tumbling down, filling an excavation which had been hastily vacated by a gang of workmen, Lee Stribling, a negro "heading boss," missed his footing, and, failing to the bottom of the pit, was buried in the mass. Other laborers hurried to Stribling's aid, when an ominous grinding of the earth above drove them back to the tube. Before the negro could gain his feet, the mass of earth settled, killing him.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cure of colds and is should be kept at hand ready for instant use. For sale by all druggists.

Attell Wins Decision.

San Diega, Cal., Nov. 19.—Abe Attell was given the decision over Billy Decoursey at the end of the 15th round Friday night. It was Attell's fight from start to finish. Decoursey was outclassed, but he made a plucky showing. His blows, however, when they landed, were too light to do damage. He took plenty of punishment and his face was raw and bleeding severely several rounds before the fight came to an end.

SKIN ERUPTIONS FOR 35 YEARS

Suffered Severely With Eczema All Over Body—Examined 15 Times by Government Board Who Said There Was No Cure—An Old Soldier Completely Cured.

A THOUSAND THANKS TO CUTICURA REMEDIES

"For over thirty-five years I was a severe sufferer from eczema. The eruption was not confined to any one place. It was all over my body, limbs, and even on my head. I am sixty years old and an old soldier, and have been examined by the Government Board over fifteen times, and they said there was no cure for me. I have taken all kinds of medicine and have spent large sums of money for doctors, without avail. A short time ago I decided to try the Cuticura Remedies, and after using two cakes of Cuticura Soap, two boxes of Cuticura Ointment, and two bottles of Cuticura Resolvent, two treatments in all, I am now well and completely cured. A thousand thanks to Cuticura. I cannot speak too highly of the Cuticura Remedies. John T. Roach, Richmondale, Ross Co., Ohio, July 17, 1905."

Bishop Tigert Ill.

Tusha, I. T., Nov. 19.—Bishop J. J. Tigert, of Louisville, Ky., who is ill here, was resting easier Saturday, but was still in a critical condition, according to a statement by the attending physician. The physician said this morning: "Bishop Tigert's illness was caused by the lodgment of a piece of chicken bone just below the tonsils, which, after dislodgment, produced an abscess, which may cause general inflamation of the throat, resulting in blood poisoning."

A Year of Blood.

The year 1908 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored, and as time has proven, permanently cured." Guaranteed for sore lungs, coughs and colds, at all drug stores. Price, 50c and $1. Trial bottle free.

Reports on Coast Artillery.

Washington, Nov. 19.—Brigardier General Hall in his annual report for the department of the gulf with headquarters at Atlanta, Ga., devotes much space to the subject of coast artillery. He says the re-distribution of the coast artillery is of pressing importance and earnestly recommends, with a view to the greater economy in administration better discipline and signally increased efficiency that would surely result, the concentration of these troops in many posts.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

DEAD MAN FOUND ON TRACK.

A Fiddle and a Bottle of Whisky Found Near Him.

Gainesville, Ga., Nov. 19.—A negro boy discovered the dead body of a man on the tracks of the Southern railroad, not far from New Holland. He notified the depot agent, and the coroner was in turn notified. The body was identified as that of Will Finch, of near Commerce, and the coroner's verdict was that he came to his death by being run over by a train.

The dead man, with his wife and children, were on a visit to Mrs. Tinch's father, P. L. Grant, of New Holland, and Tinch was at Grant's until about 9 o'clock the previous night, when he went out and did not return; and when found the next morning he had a fiddle under his head and a quart bottle of wrisky in his pocket. The end of the fiddle was found some distance up the track, and his hat was nearby it, a distance of about 50 feet from where the body was found.

The peculiar part of the matter is that Tinch could not play a fiddle, and never expressed any desire for one.

Soldier Dishonorably Discharged.

San Antonio, Tex., Nov. 19.—Six more soldiers who were brought to Fort Sam Houston from Brownsville subsequent to the disturbance there caused by members of the Twenty-fifth infantry were discharged without honor Friday. They had been confined at the post here since Aug. 25. Their discharge is in pursuance to orders issued by President Roosevelt disbanding the battalion of which the negroes rioters were members.

THE LEGAL BOSS.

The Republican party, through Secretary Bonaparte, has at last invented a reform that no other party has prior claim to and that no other party will probably care to claim. This Bonaparte invention may be styled "the legal boss," for the fantastic idea is "that the people should have legally constituted bosses to make all the nominations for public offices and thus do away entirely with nominating conventions." No one but a Republican boss, or would-be boss, could invent such a scheme of licensing the boss system. Democrats are intent on self-government and are determined that the people must govern the bosses and not the bosses the people. But in the Republican breast there ever seems to dwell the lingering hereditary hope, descended from Hamilton, that the few, or for that matter the one, shall rule and dictate to the many. If the voters are capable of electing a boss they are certainly capable of nominating and electing their public officials, otherwise universal suffrage is a failure and, like the Hebrews of old, a King is the only natural boss that the people would elect.

The fact is the Republican leaders see trouble brewing for them in the near future, for the people are awakening to the fact that their only salvation is to abolish bosses, with the certain corruption and grafting that stalk in their train, and as Republicanism means the rule of bosses, as Democracy means the rule of the people, the Republican leaders would legalize the political machine they have set up, in hopes of preventing the breakdown they see is approaching.

Most merchants realize the value of attractive, original window displays in connection with their seasonable trade. The store window is at all times one of the most valuable store adjuncts and trade-getters that the merchant can make use of. All attractive window displays always draw the attention of the shopper, and if, besides being attractive, it contains any suggestions, it is bound to sell the goods. If the merchant or any of his clerks, who may have more talent along this line, will devote a little earnest thought and time to getting up a series of attractive, suggestive and original displays he will find that it will tend to materially swell his receipts.

The Mexican government fights trusts in a practical and direct sort of way. When the meat trust advanced the price of meat to a practical prohibitive figure, so far as the poor were concerned, the government went into the business and undersold the trust, at the same time giving better meats. The competition had its effect and the trust quickly reduced prices. The government has made arrangements whereby it can go into the meat business on a very large scale at any time the trust becomes too greedy.

No young woman looks so well as when dressed neatly and plainly, without any ruffles or ornaments. New Orleans, Nov. 19.—Upwards of 100 college and university presidents, representing institutions in all parts of the country, who have been in attendance upon conventions at Baton Rouge, are visiting New Orleans as guests of Tulane university. The ladies of the party will be entertained by the faculty of Newcomb college. This evening a "smoker" will be tendered the male guests at the Round Table Club.

Cattle Commission Costly.

Montpelier, Vt., Nov. 19.—Vermonth's cattle commission which recently resigned as a result of criticism in connection with the investigation into the sale of diseased cattle for alleged food purposes cost the state $82,732, according to its biennial report just published. The report states that a largely increased number of farmers has asked for inspection, trebling the work of the commission.

Russian Cruiser Launched.

Barrow-in-Furnace, England, Nov. 19—The Russian cruiser Rurik, named after the cruiser sunk by the Japanese in the straits of Korea in August, 1906, was launched here Saturday. She is of 15,200 tons; heavily armed and is expected to steam 21 knots.

Led Boer Raid.

Cape Town, Nov. 19.—Ferreira, the leader of the Boer raid from German Southwest Africa to the northern part of Cape colony, and his followers were captured Saturday by colonial patrols.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

RADIUM AND LIFE.

The Experiments That Have Been Made and What They Show.

Does it appear that any one has prepared from sterilized bouillon by the action of radium or in any other way living organisms capable of multiplying either by repeated subdivision or by means of spores or capable of producing definite fermentive changes such as those which we associate with so many of the organisms hitherto investigated? The answer jumps straight to the lips. No such discovery has been recorded nor has anything been observed which would justify us in supposing that we are on the verge of making such a discovery at the present moment.

The fact is that, though much has been written and among other things quite a big book, very little has really been accomplished up to the present. A few preliminary experiments suggested by the marvelous qualities of radium have been made, and that is all. Those experiments and their results, which are not at all revolutionary, may be described in half a dozen sentences. Mr. Burke finds that when small quantities of radium bromide or chloride are scattered on the surface of carefully sterilized bouillon well protected from the air in closed vessels minute objects appear in the bouillon after one or two days.

These objects have been watched, and Mr. Burke reports that after their first appearance they develop into two dots, next present the appearance of dumbbells and subsequently of biscuits, afterward take on forms which remind an observer of frog's spawn and finally divide, lose their individuality and become transformed into minute crystals.

These bodies, which Mr. Burke very prematurely describes as "cultures," do not multiply, as living organisms should do, when they are transferred to fresh tubes of sterilized bouillon, though, as might be expected, they give some slight evidence that the activity of the radium salt is not quite exhausted by its first action, and they are soluble in water.

Now, it would be dogmatic to say that radium will not generate life in organic matter, but clearly Mr. Burke gives us little or no reason to suspect that it does so at present.—Cornhill Magazine.

Letter Carriers' Scars.

"Show me a letter carrier," said a postal official, "and I'll show you somewhere or other on the man the scar of a dog's teeth. Letter carriers hate dogs, and with good reason, for they are continually getting nipped. It is at houses with front gardens that they are troubled most. Dogs run loose in these gardens, and it is their delight to bite letter carriers. I myself have two scars on my hand and two on my leg. Take a census of every trade, and I'll guarantee that the letter carriers will lead all in their percentage of dog scars."

A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" *cures* all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address *free*, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of.

"The Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has THE BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

POINTED PARAGRAPHS.

When you lay an egg don't cackle too long. Get busy and lay another.

There never was an air castle that was built with any consideration of salary.

Those who never do wrong take a wonderful satisfaction in the saying, "Murder will out."

Looking for business is like looking for four leaf clovers, which somebody else always finds easily enough.

Men in the penitentiary have just enough to eat and think they do not have enough. Free men have too much to eat.

When a man is locked out of his own house how he disturbs the neighbors trying to get in, but how quietly a burglar gets in!

When the bald spot at the back of a man's head shows beneath the rim of his hat somehow it looks as bad as when a woman's skirt slips away from her belt.—Atchison Globe.

Trees Worth Growing.

As ornamental trees the beeches attract attention primarily on account of their dignity of form and peculiarly "clean" appearance; they give ample and spreading shade; the leaves are remarkably free from the insect pests, and they can generally be readily transplanted. They thrive best in a rich, deep, sandy loam, but will grow well in any ordinary soil. The trees attain a height of 80 to 100 feet. In the different seasons the beech presents totally different pictures. In summer it is a broad dome of grateful shade; in winter a glory of dazzling light gray; in spring it floats out its soft velvety gold green leaves, and in autumn it is a rich and mellow mingling of subdued yellow browns and grays.—Garden Magazine.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

An Artist's Handicap.

"What is the reason the public doesn't take a greater interest in Shakespeare?"

"The public takes too much interest in Shakespeare," answered Mr. Stormington Barnes. "The difficulty is that every man in the audience is thinking of how much better he could do it if he tried."—Washington Star.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. BROTHER KILLED BY PITTS.

Pike County Farmer Kills His Brother in a Corn Field.

Griffin, Ga., Nov. 19.—In the second district of Pike county, near Tom Moore's mill and gin, Milton Pitts, a well-known farmer, about 35 years old, shot and instantly killed his young brother, Charlie Pitts, and then killed himself. No one witnessed the tragedy.

After shooting his brother to death Milton Pitts came to the house, leaving Charlie dead in a corn field, and asked for a drink of water. "I've killed Charlie," he said. And then it is reported that he fired two shots at his own wife. She denies this, but one of the children says that this occurred. Milton then turned his pistol upon himself and fired in the presence of his children and wife. Both men were farmers. The community is greatly shocked, as the parties are well known.

Died Suddenly in Jail.

Seattle, Wash., Nov. 19.—Mrs. Maud Creffiled, held in the King county jail as an accomplice in the murder of George Mitchell in the Union station, July 12, died suddenly in her cell Friday night. Esther Mitchell, who shot her brother, was in the same bed with Mrs. Craffield when the latter was stricken. Deputy Coroner S. F. Wiltsie believes the woman died from heart failure. Maude Bert Creffield Mitchell was the wife of "Joshua" Creffield, who was shot by George Mitchell who believed that Creffield had maltreated his sister Esther. Esther later shot her brother, George. She and Mrs. Creffield were arrested for the crime, bith women confessing that they had done it to avenge the death of "Joshua."

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

The Coming "Big Show."

Darwin's theory that man and monkey are allied, finds many new supporters among the visitors to Cole Brothers' United Shows' double menagerie, to be seen Thursday, Nov. 22, in Gainesville. In this mammoth traveling zoo is "Walter," the most amazingly educated orang-outang ever exhibited. Captured in the wilds of South Africa by Cole Brothers' special agents less than eight months ago, "Walter" has been taught to do all that the average young man can, except talk. Unassisted this phenomenally educated brute will dress itself in a tailor-made suit with regulation long trousers, fancy waistcoat and tuxedo; eat with knife and fork; draw pictures upon a blackboard; eat with spoon, knife and fork; operate a miniature automobile as well as impersonating several prominent characters. Scientists everywhere have carefully studied "Walter" and are a unit in declaring the animal the most marvelous ever seen.

The Tobacco That Made Chewing Popular

Man's fondness for chewing tobacco is created and popularized by the tobacco produced in the famous Piedmont tobacco belt. Only choice selections of this well matured, thoroughly cured leaf are used in making SCHNAPPS. That's why SCHNAPPS requires and takes a smaller amount of sweetening than any other kind—and that's why SCHNAPPS has a wholesome, stimulating and satisfying effect on chewers.

There are many imitations of SCHNAPPS claiming to be "just as good," but without the flavor or quality that has made SCHNAPPS sales more than all similar tobaccos.

Schnapps

It is made in the Reynolds factories, famous for producing the best chewing tobaccos, by clean, sanitary processes, under the same direction, since 1875, of men who have made the business a life study. They are the largest and best equipped flat plug factories in the world and are situated in the very center of the world's greatest chewing tobacco district.

If you've never chewed SCHNAPPS, now is the time to get acquainted with the cleanest, most healthful, stimulating, satisfying and wholesome form in which tobacco can be used. Do not accept imitations.

ROLL CALL MEETING.

Mount Vernon Lodge No. 20, K. of P., Will Have Big Time Tonight.

There will be somewhat of a diversity of the regular routine of business in Mount Vernon Lodge No. 20, Knights of Pythias, at the castle hall tonight, the occasion being the annual roll-call meeting of the lodge. This roll-call meeting is always a feature anticipated with a great deal of interest, for two reasons. One reason is the fact it is destined to bring all the brothers of the order together in good fellowship, and another reason is that, on this particular occasion, there is a refreshment committee who sees that all in attendance are treated to a feast of good things. In all, it is a function thoroughly enjoyed each year, and this promises to be no exception.

Chancellor Commander D. M. Tomkies, as well as other officers of Mount Vernon lodge, have been busy for the past few days making preparations for this event, which should have been held on Tuesday evening of last week, but was postponed on account of the reunion of the Florida Division, United Confederate Veterans.

Every member of the order of Knights of Pythias, and especially of Mount Vernon lodge, is especially invited to this meeting.

L. C. Lynch, W. R. McKinstry and E. A. O'Neill are on the committee of arrangements, while the refreshment committee consists of M. B. Saunders (the old stand-by), A. M. Cushman and James Adamson. These names are symbolic of a good social time and plenty to eat.

UNIVERSITY TEAM DISBANDED.

Rumored that the Florida University Boys Resigned from Football.

According to the report in Sunday's Times-Union, the football eleven of the University of Florida, for which Forsyth has been coach, has disbanded for the season, and Mr. Forsyth will bend his energies toward the success of the Jacksonville team for the remainder of the winter.

The disbandment of the University team came as quite a surprise to the people of this city, but might not have been unexpected, since so little interest seems to be manifested in the game here. Notwithstanding the average light weight of the team, they have been quite successful on the gridiron, having won so far this season about even honors.

Mrs. C. A. Nichols and children, after a pleasant visit to friends here, left yesterday for Bainbridge, Ga., where they will make their future home, Mr. Nichols having accepted a lucrative position in the dispatcher's office of the Georgia, Florida and Alabama railroad. Before leaving Mrs. Nichols paid The Sun an appreciated call and had her name enrolled on the subscription list. She resided here for several years, but recently has made her home in Lake Butler, where her husband was agent of the Atlantic Coast Line.

Among the prominent traveling men at the Brown House is Max Krauss of Savannah, and it is needless to add that his legion of friends are glad to welcome him. Mr. Krauss is an enthusiastic Elk, and through the courtesy of members of Gainesville lodge was shown through the new home, now under course of alteration, and improvement. He was well pleased with the arrangement, and declares when completed it will be one of the most modern homes in the State.

If you are going to Tampa to witness the sights of the great State Fair remember the old reliable Seaboard. Double-daily service which puts you at destination on time. Rates, one fare, plus 25 cents, children half-fare, plus 25 cents. For particulars see Mr. Cobb.
